

L-GLUTATHIONE

200mg/ml

5ml / SDV / for intravenous use

30ml / MDV / for intramuscular use

Olympia Pharma is comprised of a state-of-the-art FDA 503B pharmaceutical outsourcing facility, and a 503A pharmacy. Both facilities provide access to high quality age management and nutritional medications.

OVERVIEW

Our bodies quintessential antioxidant defense is the glutathione system, which includes glutathione itself, along with the enzymes and other proteins that enable glutathione to do its work. Glutathione is actually a very simple molecule - our body makes it from three amino acids - cysteine, glycine and glutamine. Levels of glutathione have been shown to diminish with age as well as with chronic illness and poor health. Functions of *L-Glutathione* include:

- ✓ Protects cells from free radical damage
- ✓ Improves cellular function
- ✓ Aids in recovery process
- ✓ Acts as a universal toxin-binder
